**THE STAND**  
**MORE MAHMOUD**  
**AHMADINEJAD**

The President of Iran Mahmoud Ahmadinejad wants to wipe Israel off the map. Israel to him, Iranians and Arabs is a regime based on evil that can not continue and one day must vanish. It is clear what President Mahmoud thinks of Israel and the Jews. But the world forgets, or has never really been told, what Mahmoud thinks of all things liberal and democratic.

Here then is a quote from Mahmoud from a letter sent to our very own President George W. Bush. The letter was sent May 9, 2006 and reads in part as follows:

“Liberalism and Western style democracy have not been able to help realize the ideals of humanity. Today these two concepts have failed. Those with insight can already hear the sounds of the shattering and fall of the ideology and thoughts of the liberal democratic systems. People around the world are flocking towards a main focal point, that is Almighty God. Do you want to join them?”

So, liberalism has failed. And failed miserably. Are you listening Harvard? And, Stanford, and University of California Berkeley, and all other bastions of liberalism, including ACLU? Are you listening NEW YORK TIMES, LOS ANGELES TIMES, WASHINGTON POST and all other so called liberal newspapers and publications? Are you listening? All the while you spend so much time attacking conservatism and even Christianity itself, Muslims are on the march, ready and able to convert the world to Islam, and to convert you with all others, or provide you with the ultimate punishment for the infidels you are. Are you listening? Or, are you too busy attacking Christianity.

So too with our “Western style democracy”. It will be gone with the wind if the Iranians and extreme Islam have their way. Gone forever, whether by conversion, terrorism or military might. GONE! Those with insight, says Mahmoud, can already hear the sounds of the “shattering and fall of the ideology and thoughts of the liberal democratic systems”. THE SHATTERING AND FALL! Nothing produces that kind of shattering like nuclear weapons. Is it then, for us Western Democrats, a matter of time before Iranian nuclear bombs shatter what and who we are?

Mahmoud may be confused about one thing, however. It seems as though people around the world, at least the people to whom he refers, are flocking to terrorism, military might and destruction, and not to “ALMIGHTY GOD”. The god of Mahmoud is not the God of Christian love but, it appears, the god of military might, nuclear destruction and terrorist mayhem. Do pardon me if I am not part of that flock and I pray you are not as well. I really have no interest, President Mahmoud, as you state “in joining them”. I am quite convinced that I and all other liberal thinking Western style Democrats will have to defend ourselves against them!

The United Nations demanded that Iran end uranium enrichment activities which of course is part of their nuclear development program, and a substance necessary for nuclear weapons. What a farce, a total waste of words. That brought this response from Mahmoud:

“Those who want to prevent Iranians from obtaining their right should know that we don’t give a damn about such resolutions.”

And so, to paraphrase Mahmoud, to hell with the United Nations. We will do as we please no matter what the world wants. We will continue to enrich uranium, pursue the development of nuclear capability, and build as many world-destroying weapons as we please. We just do not “give a damn” about you or your Western style democracy-world in which you live. And the United Nations, impotent as it is, thinks it has a chance to negotiate reasonably with Mahmoud and Iran? What a farce.

More Mahmoud:

“The wave of the Islamist revolution will soon reach the entire world.”

Reach: translated, convert or be beheaded. Bow with all others, including all you Harvard scholars, to Mecca, and do it six times daily, or off with your head. The wave will crush you. Nice man, this Mahmoud. Small wonder many experts who study the Middle East think America made the wrong decision by attacking Iraq and not Iran.

More about the UN. Mahmoud said again:

“Did you imagine that you can impose anything on the Iranian nation or force it to retreat from its rights by frowning at us or by issuing resolutions? You still don’t know the power of the Iranian nation.”

Whatever wasted words would come from the UN, Iran would totally ignore them. In fact, issuing resolutions would only inflame them. Iran wants the world to know how powerful it is. It wants the world to tremble at its nuclear capability, its force and its military might. Iran intends to be the agent of Allah or the Arab world which itself exterminates and removes Israel and the Jews from Allah’s sacred land. That of course means any person not Muslim and of course other ethnicities as well. The WAVE will be tsunami in scope, force and destructive power. Religiously and ethnically cleansing. Sounds like a little old German the world may remember who came to power some 70 years ago. Remember him? Sounds to me like another holocaust coming, or at least in the attempt. Only this time, the Jews, the Israelis, the toughest fighting forces in the world, will be ready. If one day Iran decides that there will be no more Tel Aviv, you can be certain that Israel will decide that there will be no more Tehran. And there goes the Middle East, and the world.

And now, a final warning from that war-monger President Mahmoud:

“Our enemies should know that they are unable to even slightly hurt our nation and they can not create the tiniest obstacle on its glorious and progressive way”.

Glory is what its all about. The triumph of Islam and of course the triumph of Iran. The man is obviously filled with delusions of grandeur, but so was Hitler. And, so was every fanatic leader out of control of any nation in all of history. Mahmoud is not to be feared as a leader of a small country with limited capability, nuclear or otherwise. Mahmoud IS to be feared because of his irrationality. His hatred. His evil and demonic approach to the world, and especially to Israel. His is an irrationality riddled with hate and anger, capable therefore of the most insane act(s) at anyone, any nation, anywhere, any time. Men who fear not death, and in fact welcome it, know no boundaries. They will do anything even if such actions result in their own destruction, or the destruction of their people or their nation. That, that irrationality is what is to be feared. It is that irrationality which will be the root cause of WORLD WAR III.

Mahmoud and Iran are indeed to be feared. Iran moreso than Syria, moreso than any Middle East country. It is metaphorically the Angel of Death hovering in the Middle East, with a passionate desire to hover the world over. We, I think, must watch their every move and be prepared for war in the Middle East, in the world generally, and in OUR VERY OWN AMERICA.

What do you think?
